

Privacy Policy

Application: **QL Markdown by XN**

Effective Date: April 27, 2026

1. Overview

QL Markdown by XN (hereinafter the “App”) is a macOS application that provides Quick Look previews and thumbnails for Markdown files. We respect your privacy. This Privacy Policy explains how the App handles user information.

2. Information We Collect

The App does not collect, store, transmit, or share any personal information or user data.

- The App does not require user accounts or registration.
- The App does not collect names, email addresses, contact information, or any other personally identifiable information.
- The App does not collect usage analytics, telemetry, or diagnostic data.
- The App does not use cookies, tracking technologies, or third-party analytics services.

3. Network Communication

The App does not communicate with any external servers. All processing of Markdown files occurs locally on the user’s device. The App does not send or receive any data over the Internet.

4. File Access

The App reads Markdown files solely for the purpose of generating Quick Look previews and thumbnails as requested by the macOS system. File contents are processed locally and are never transmitted, stored, or shared outside of the user’s device. The App operates within the macOS App Sandbox.

5. Third-Party Services

The App does not integrate with any third-party services, advertising networks, or data brokers.

6. Children's Privacy

The App does not knowingly collect any information from children or any other users, as it does not collect any user information at all.

7. Changes to This Privacy Policy

We may update this Privacy Policy from time to time. Any changes will be reflected with an updated effective date. Because the App does not collect any data, future changes are unlikely to affect users in a meaningful way.

8. Contact

If you have any questions about this Privacy Policy, please contact us:
